Nov 2, 2011. Several years ago I came across a post on a speech message board about barrier games. I remembered learning about them in grad school . A chess variant (or unorthodox chess) is a game "related to, derived from, or inspired by chess".. .. Cross chess: Cross-shaped cells, board geometry like hex chess but moves akin to normal chess (e.g. bishops have four directions (not six)); .. The barrier is then lifted and the game is then played as in orthodox chess.
